

Printable Watch Strap Width Measuring Tool

Print this page to obtain accurate watch strap width measurements.
DO NOT measure from the computer screen, as it will not be accurate.

Printing Instructions:

- 1 Select "Print" from the menu.
- 2 **IMPORTANT:** In print options dialogue box, select "Actual Size" or similar option, and uncheck any "shrink oversized pages to fit" or "fit to page" boxes.
- 3 After printing, test the accuracy of your printed tool by measuring the "1 inch test" strip below with a standard ruler.
